

# CALICE week at IPN Lyon

## Wednesday, 16 September 2009

### Test beam data Analysis 2 - Amphithéâtre Dirac (14:00 - 15:30)

| time  | [id] title  | presenter                            |
|-------|---|--------------------------------------|
| 14:00 | [11] 2008 MIP Calibration of SiW ECAL                   | Mr LI, Hengne                        |
| 14:15 | [1] SiWECAL -- The MipFinder algorithm and applications | Mr DOUBLET, Philippe                 |
| 14:35 | [2] Update on pion showers in the Si-W ECAL             | GOTO, takuma                         |
| 14:55 | [22] Analysis of 2007 SiW ECAL data                     | JEANS, Daniel<br>Mr REINHARD, Marcel |
| 15:10 | [21] Results from the MAPS beam test                    | DAUNCEY, Paul Dominic                |
