

- **General:**
 - Two Coordination Team and two Steering Group Meetings since last ILC Europe meeting
 - Regular follow up if ITN activities and general news on ILC/IDT (Thanks Tatsuya)
 - Caterina Vernieri joined as C3 liaison
 - Brainstorming on how to convey the message on the importance of the Higgs (Your input is welcome)
- **MDI**
 - Updated list of priority items for ITN (see later)
 - Have to establish closer contact to C3 where active MDI studies are pursued (=> competence on e.g. running the software)
- **Physics**
 - Open Meetings (recent and future)
 - June 8th: <https://agenda.linearcollider.org/event/9885/>
 - July 13th: <https://agenda.linearcollider.org/event/10069/>
 - Including talk on input to P5 on detector R&D
 - ECFA Higgs Factory Workshop, 11-13 October at Paestum (Italy) :<https://agenda.infn.it/event/34841/>
- **Detector**
 - Mini-workshop on timing detectors in the making
 - P5 input on Detector R&D needs for Higgs Factories (joined FCCee and LC): <https://arxiv.org/abs/2306.13567>
 - Matching with DRD actively pursued (e.g. Exchange on R&D topics and potential resources)
- **Software**
 - Advanced flavor tagging and AI is looked at (meeting on March 15th <https://agenda.linearcollider.org/event/9964/>)
- **Speakers Bureau**
 - ... cares for (almost) full coverage of conferences
 - e.g. Yesterday: Scalar 2023, EPS-HEP (top), Higgs Hunting
