Memorial session of Sachio Komamiya

Sachio Komamiya
(1952-2024)

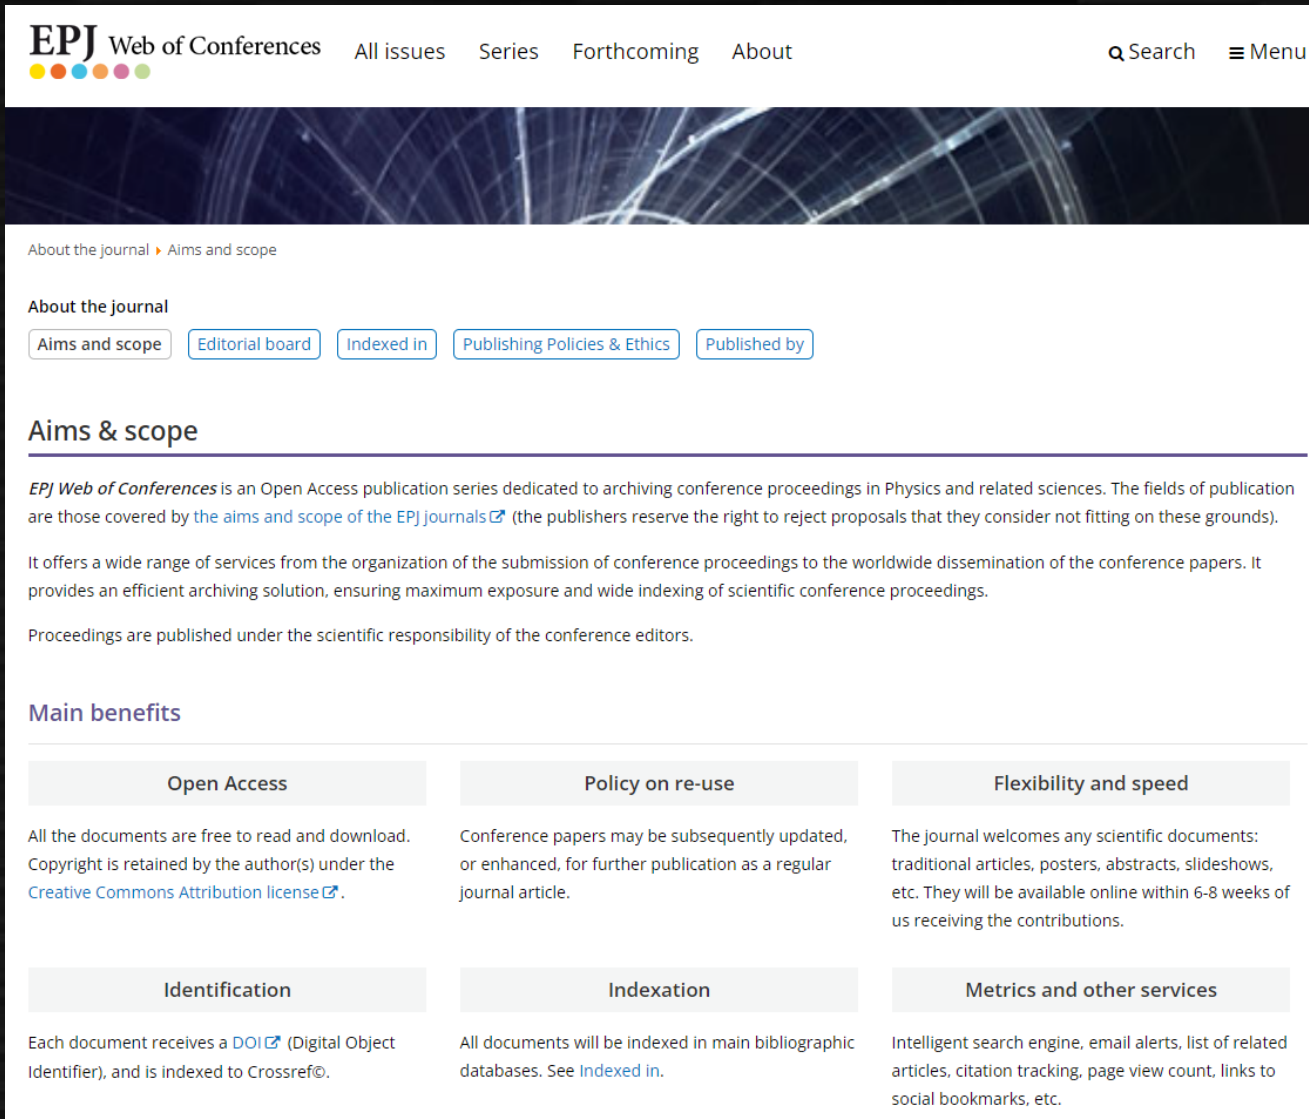

Welcome to the Memorial Session
- Sachio Komamiya -

- Warm messages from
 - R. Hoyer
 - M. Peskin
 - K. Kawagoe
 - S. Chen
 - A. White
 - S. Bethke
 - L. Evansand many others
- ~200 onsite, ~120 online participants
- **Memorial book available to record your memories!**

Sachio led LC effort for a long time
(incl. LCB chair 2013-2017)

Proceedings

The screenshot shows the EPJ Web of Conferences website. The top navigation bar includes 'EPJ Web of Conferences', 'All issues', 'Series', 'Forthcoming', 'About', a search icon, and a menu icon. The main content area is titled 'About the journal' and 'Aims and scope'. It features a navigation menu with 'Aims and scope', 'Editorial board', 'Indexed in', 'Publishing Policies & Ethics', and 'Published by'. The 'Aims & scope' section describes the journal as an Open Access publication series for Physics and related sciences, covering the fields of publication and offering services from submission to dissemination. It lists 'Main benefits' in six categories: Open Access, Policy on re-use, Flexibility and speed, Identification, Indexation, and Metrics and other services.

About the journal [Aims and scope](#)

About the journal

[Aims and scope](#) [Editorial board](#) [Indexed in](#) [Publishing Policies & Ethics](#) [Published by](#)

Aims & scope

EPJ Web of Conferences is an Open Access publication series dedicated to archiving conference proceedings in Physics and related sciences. The fields of publication are those covered by [the aims and scope of the EPJ journals](#) (the publishers reserve the right to reject proposals that they consider not fitting on these grounds).

It offers a wide range of services from the organization of the submission of conference proceedings to the worldwide dissemination of the conference papers. It provides an efficient archiving solution, ensuring maximum exposure and wide indexing of scientific conference proceedings.

Proceedings are published under the scientific responsibility of the conference editors.

Main benefits

Open Access	Policy on re-use	Flexibility and speed
All the documents are free to read and download. Copyright is retained by the author(s) under the Creative Commons Attribution license .	Conference papers may be subsequently updated, or enhanced, for further publication as a regular journal article.	The journal welcomes any scientific documents: traditional articles, posters, abstracts, slideshows, etc. They will be available online within 6-8 weeks of us receiving the contributions.
Identification	Indexation	Metrics and other services
Each document receives a DOI (Digital Object Identifier), and is indexed to Crossref®.	All documents will be indexed in main bibliographic databases. See Indexed in .	Intelligent search engine, email alerts, list of related articles, citation tracking, page view count, links to social bookmarks, etc.

Will be published in EPJ WoC

- The refereed proceedings of LCWS since 2006 (probably)
 - Deadline: 16th September
 - Recommended to have 3-10 pages (if no special reason)
 - Indico system used to submit
 - Conveners will be asked for reviews

Please check dedicated page
