

5th general meeting of ILC-Japan Physics Working Group

Wednesday 20 December 2023

Session of ongoing studies - 2F1F (big meeting room in 1st floor of bldg. 2) (13:00 - 14:30)

time	[id] title	presenter
13:00	[24] Study of spin correlation in $e^+e^- \rightarrow \tau\tau$	JEANS, Daniel
13:20	[25] Test beam experiment of the large prototype of high granularity scintillator calorimeter	MURATA, Tatsuki
13:40	[11] New physics search by precise measurements of 2-fermion final states at the ILC	NAGAE, Koushi
