

Session Program

9-13 Nov 2026

International Workshop on Future Linear Colliders 2026

Industry and Applications

KEK

Wednesday 11 November

11:30

Industry and Applications

Session | Location: KEK, Kobayashi-hall

11:30-11:50

Beyond a Single Project: Connecting ILC and Frontier Science Projects to Drive Industrial Innovation in Tohoku, Japan

Speaker

Eisaku Nishiyama

11:50-12:10

FULLCRYO is poised to deliver solid industrial equipment support for the construction of CEPC.

Speaker

Jinlin Gao

12:10-12:30

Fostering Industrial Accelerator Impact: From Compact ICS Sources to SRF Cavities

Speaker

Mr Ronald Agustsson

12:30-12:50

Spanish Industry for Big Science: Capabilities, Collaboration and Success Stories

Speaker

Dr Leonor Mendoza

12:50-13:10

Activities of the Advanced Accelerator Association (AAA)

Speaker

Masanori Matsuoka

13:10-13:20

Advanced Ceramic Technologies for Future Accelerators at Kyocera Corporation

Speaker

Mr Chihiro Sakamoto

13:20-13:30

Recent activities of MHI-MS in Accelerator Technologies

Speaker

Nobuyuki Shigeoka

13:30
