

LCWS2007 DAQ Session 1
Thursday May 31st, 14:00-15:30
Data Acquisition and Global Detector Network

SemRm 5

- | | |
|---|-----------------|
| 14:00 Agenda and Goals | Patrick Le Dû |
| 14:10 Introduction to the EUDET DAQ | Daniel Haas |
| 14:30 EUDET JRA3/Calice: Future DAQ Directions | Dave BAILEY |
| 14:50 The data reduction board of the EUDET pixel telescope | Concezio BOZZI |
| 15:10 EUDET JRA3/Calice: Communication and DAQ Software | Valeria BARTSCH |

LCWS2007 Thursday May 31st,
17:00-18:30

***Data Acquisition and Global Detector Network
Announcement***

VideoRm 3

- Discussion between DAQ, GDN & GAN
- Organized by Kay Rehlich, Guenter Eckerlin and Patrick Le Dû
- Objective : future Detector & Machine Global Network

LCWS2007 DAQ Session 2
Friday June 1st - 9:00 -10:30
Data Acquisition and Global Detector Network
SemRm 5

- 09:00 Summary of ILC Software Workshop in Orsay
Roman POESCHL
- 09:20 The DCR DAQ section
Guenter Eckerlin
- 09:40 Trigger/DAQ issues
Patrick Le Dû
- 10:00 ATCA for machines
Ray LARSEN (TBC)

LCWS2007 DAQ Session 2
Saturday June 2nd - 9:00 -10:30
Data Acquisition and Global Detector Network
SemRm 5

- 09:00 EUDET JRA2: Present thinking & understanding for the TPC testbeam DAQ Ulf MJORNMARK
- 09:15 Data flow: Production update for the Pixel Detectors Marc WINTER
- 09:30 Data flow: Production update for the Tracking Detectors Paul COLAS
- 09:45 Data flow: Production update for the Calorimeters Henri Videau (TBC)
- 10:00 Discussion about next step

DAQ and Global detector Network Goals/charge of this working group

- Review of the current status of the topic
- Highlight open issues & recent developments
- Discuss future near-term developments
