

# ALCPG 2007

## Thursday, 25 October 2007

### ALCPG Detector Session V - Vertex Detectors - Black Hole (WH2NW) (12:00 - 13:30)

time	[id] title	presenter
12:00	[282] Design and Characterisation of an SOI pixel detector in OKI 0.15 micron technology	
12:20	[283] Simulation study of Chronopixel hit efficiency	
12:40	[284] Development of FPCCD readout ASIC	
13:00	[285] CCD Radiation Hardness
