Physics Signature-I: Missing Energy - 1 West (08:30 - 12:00)

time	[id] title	presenter
08:30	[225] Something out of nothing: dark matter observation and mass determination in photon + missing energy events at the ILC	KONAR, Partha
09:00	[231] Preliminary Study of BeamCal Capabilities in the Detection of the Two Photon Signal	NAUENBERG, Uriel
09:30	[232] "Solving the LHC Inverse Problem at ILC: Close Mass Chargino Analyses"	GAINER, James
10:30	[233] "Higgs decays to invisible modes at the LHC and ILC"	LOGAN, Heather
11:00	[234] "Electroweak Baryogenesis in the (n)MSSM and ILC Physics"	WAGNER, Carlos
11:30	[235] "Missing Energy in the channel - stop to neutralino and charm- and mass precision measurement"	MILSTENE, Caroline
