

European ILC Software and Physics Meeting, Cambridge 2006

Tuesday, 4 April 2006

Tracking and Vertexing Algorithms - Pippard Lecture Theatre (14:00 - 16:00)

time	[id] title	presenter
14:00	[33] A new tracking code	
14:20	[11] Vertex detector simulation and pattern recognition	
14:40	[12] Overview of the LCFI Vertex Package	
14:55	[13] Towards a C++ based version of ZVTOP	
15:10	[29] Library for reconstruction of interaction vertices	
15:25	[10] Track Reconstruction in Marlin
