IR Eng. workshop, WG-A

Report of Contributions

Contribution ID: **0** Type: **not specified**

GLD

Thursday, 12 July 2007 06:00 (10 minutes)

Presenter: Dr SUGIMOTO, Yasuhiro (KEK)

Session Classification: General design of detector, opening and door splitting and why a particular design approach was chosen

Contribution ID: **1** Type: **not specified**

LDC

Thursday, 12 July 2007 06:10 (10 minutes)

Presenter: Mr MEYNERS, Norbert (DESY)

Session Classification: General design of detector, opening and door splitting and why a particular design approach was chosen

Contribution ID: **2** Type: **not specified**

SiD

Thursday, 12 July 2007 06:20 (10 minutes)

Presenter: BREIDENBACH, Martin (SLAC)

Session Classification: General design of detector, opening and door splitting and why a particular design approach was chosen

Contribution ID: **3** Type: **not specified**

The 4th

Thursday, 12 July 2007 06:30 (10 minutes)

Presenter: Dr MIKHAILICHENKO, Alexander (Cornell University)

Session Classification: General design of detector, opening and door splitting and why a particular design approach was chosen

Contribution ID: **4**
Type: **not specified**

Concept of the platform

Thursday, 12 July 2007 06:40 (10 minutes)

Presenters: HERVE, Alain (CERN); GERWIG, Hubert (CERN)

Session Classification: Concept of the supporting platform or solution without a platform

Contribution ID: **5**
Type: **not specified**

Update on calculation of platform rigidity

Thursday, 12 July 2007 06:50 (10 minutes)

Presenter: AMANN, John (SLAC)

Session Classification: Concept of the supporting platform or solution without a platform

Contribution ID: **7**   Type: **not specified**

minutes

Thursday, 12 July 2007 07:20 (10 minutes)

Session Classification: Minutes from the meeting
