

Session Program

23-24 May 2007

Superconducting RF Materials Workshop

Session 3: New materials for the future

Wednesday 23 May

15:45

Session 3: New materials for the future

Session

15:45–16:05

New Materials for SRF Cavities

Speaker

Anne-Marie Valente-Feliciano

16:05–16:25

MgB₂ Thin Film and Its Application to RF Cavities

Speaker

Xiaoxing Xi

16:25–16:45

Atomic Layer Deposition for SRF cavities

16:45
