

Benchmarking News

- We are compiling a list of benchmark processes & people working on these processes. Please talk to us if you would like to contribute and either know or don't know which process you want to study
- Will have a discussion on benchmarking with Tracking group on 7 December
- RD in discussions with concepts re 'compulsory' benchmark processes for Lol – not settled yet
 - 'Compulsory' list should be short but representative
 - Concepts will study additional processes which other concepts may choose or not choose to study
