

New APD Matrix

New APD 8*8 matrices were developed by
Z.Sadygov(JINR,Dubna)

Active area of one matrix element:

1. 2*2mm²,1000 pixels/mm²
2. 3*3mm²,15000 pixels/mm²

distance between matrix elements 0.5mm

PDE=20% at 450 nm

First samples will be produced in 3 months
