

Quick Status of LC related funding in Japan

- R&D of advanced accelerator technology (KEK line item): ~\$3.6M x 0.8 annually for LC
- US-Japan funding: ~\$5.6M x 0.4 annually for LC (including detector R&D such as SOI)
- Competitive grants from MEXT:
 - A new R&D program for advanced accelerator technology (~\$3M/year x 5 years at KEK, application oriented)
 - Several small grants for detector R&D at universities (Total of \$0.5M-\$1M annually)
