

SiLC DESY beam test 2009

Zdeněk Dolezal
Charles University
Prague

Situation

- 1-6 GeV e
 - Access eased by EUDET (covering travel costs)
 - Local DESY support worked well (mechanics, telescopes, beam)

Issues

Telescopes, trigger...

- EUDET or DESY
Tscopes
- TLU?

Mechanics, chambers

- Gross XY available
- Test box
- Fine XY

Readout

- Common with
Tscopes?

Time
