- ‘Spokesperson’
- Budget

# Speakers(bureau) topics

- Groups please send candidate names for 2009-2010 to Paul Colas
- There was (very late) request from ALCPG09 a.k.a LCWA09 for talks from LCTPC; proposal:
  - General TPC + MM results + DESY module (Klaus Dehmelt)
  - GEM results (Hiroto Kuroiwa)
  - Pixel readout Bonn/Nikhef/Saclay (Jan Timmermans)
  - Future plans, in “Tracking” and/or “Testbeam” session (Takeshi Matsuda and/or Ron Settles)
- Vienna 2010, 15-20 Feb; abstract deadline 16 Nov 2009

# Papers, Notes

- How to archive?
  - LC notes
  - EUDET notes (probably combined with LC)
  - Preprints to <http://de.arxiv.org/list/physics.ins-det> ?
  - Journal(s)
- Need internal refereeing beforehand

# Regional Coordinators

## 2.2 Regional Coordinators (RC)

The RCs for 2007/08, after selection of candidates by search committees in each region, were elected by the CB members of the respective region for a two-year period. They are

–Americas: **Dean Karlen**

–Asia: **Takeshi Matsuda**

–Europe: **Ron Settles** (who requested to continue for only one year) in 2007 and **Jan Timmermans** in 2008.

**Spokesperson selection:** The RCs decided not to have a predetermined rotation of RCs as their chairperson and spokesperson for the collaboration; he/she will be chosen by the RCs once per year, and the reasoning for the choice will be explained to the collaboration. Ron Settles had this function in 2007, and Jan Timmermans was voted as Chairperson/Spokesperson for 2008.

# 'Spokesperson'

- Need a replacement by ~ March 2010

# Budget

- Probably to be discussed in (closed) CB phone meeting soon
