

News

- Interim report close to finalisation, expect publishing early 2012
- Report on “spinoff” from detector R&D finished, being published
- Task force on DBD started by Sakue, first meeting this afternoon
- Manpower:
 - Replacement for Matthieu Jore has been found, excellent news for the integration effort
 - Overall manpower situation is critical
- Regular ILD meetings:
 - Need to restart the regular analysis / ILD meeting: proposal bi-weekly from now on
 - Integration and MDI meetings are ongoing: series of dedicated small scale workshops over the coming weeks to settle integration issues
 - Software meetings are ongoing (need to define overlap with analysis / ILD)

Dates

ILD Meeting during ACFA workshop: April 23-25

dedicated ILD meeting in Japan: May 23-25

ILD meeting during LCWS2011 in Arlington

To be discussed: special editors meeting / extended editors meeting for the DBD
later in the summer / early fall to push the DBD?
