

Announcements

- Change of chair next year
 - Fujii-san and myself will soon be contacting the candidates. Talk to us if you would like to nominate yourself or others.
 - We're looking for one Chair and one Deputy Chair to lead the weekly Friday meeting and the bimonthly General Meeting.
 - ILD is currently undergoing organizational changes. It is expected that the new Chairs will play an important role in the new organization.
- Proposed changes to the Friday meeting
 - I encourage everyone to upload the slides at every meeting. It can be as short as one page.
 - I propose to start using Japanese more often, especially when hearing updates from the students, to boost the efficiency of the meeting. However, please keep using English in the presentations.
- Agenda for the annual meeting is now posted to the Indico page. Please check it.
