

# $H \rightarrow \gamma\gamma$ @250 GeV, 500 and 1000 GeV

C. Calancha  
calancha@post.kek.jp

December 13, 2013

- This week has been working full time on hardware.
- The status is same as reported in previous meeting:
  - Developing strategy to recover as much signal efficiency as i can from photon suffering conversions.
