

# Farewell and Outlook

Ivanka Bozovic Jelisavcic  
Vinca Institute of Nuclear Sciences

# LCWS14 in figures

- 193 participants
- 84 institutions, 23 countries
- 243 talks, 237 without summaries
- All relevant Accelerator and Physics and Detector topics addressed

## Accelerator Studies

Sources  
CFS  
SRF  
X-band/system tests  
Beam Delivery System /ATF  
Main linac/ Beam dynamic

## Physics and Detector

MDI  
Higgs  
BSM  
Top/EW/Loopverein  
Software/Performance  
Calorimetry  
Tracking/Vertexing

# LCWS14 Proceedings

- **LCWS14 Proceedings**

To contribute, **post your paper on the arXiv** with the following phrase both on your title page and also in the "Comments" field when submitting to the arXiv:

.” Talk presented at the International Workshop on Future Linear Colliders (LCWS14), Belgrade, Serbia, 6-10 October 2014.”

DEADLINE: 31 March 2015

For instructions visit

<http://lcws14.vinca.rs/proceedings/>

# Outlook

- Spring 2015, ALCWS
- Autumn 2015 LCWS15 goes to America(s)

## Asian Linear Collider Workshop – 2015

- **Period (tentative) : 20 – 24 April, 2015**
  - Other events:
    - April:** 1-2, 8-9, 13-14, ..., or 16-17: ILC PAC at LAL Orsay, FR
    - 5 - 6: Easter
    - 16-17 : US-Japan meeting, PNNL
    - 13 –17 : CHEP in Okinawa, JP
    - 27 ~ : Golden Week, JP
    - May:** 3- 8: Particle Accelerator Conference in Richmond, US
    - Middle ~ : multiple European holidays
    - June:** too late
- **Place: Tsukuba&Tokyo** (tentative)
  - One day: Plenary Session and public symposium in Tokyo

LCWS14 was productive and successful meeting  
thanks to the all of you who came Belgrade

THANK YOU!
