

# International Workshop on Future Linear Colliders (LCWS14)

## Monday 06 October 2014

### Plenary: Opening/welcome and brief LC collaboration reports - Crystal Hall (09:00-10:15)

**-Conveners: Ivanka Bozovic-Jelisavcic; Steinar Stapnes**

time	[id] title	presenter
09:00	[4] Welcome from the Local Organizing Committee	Prof. BOŽOVIĆ-JELISAVČIĆ, Ivanka
09:03	[270] Welcome address from the President of the Republic of Serbia	Mr NIKOLIĆ, Tomislav
09:18	[271] Welcome address from the Rector of the University of Belgrade	Prof. BUMBAŠIREVIĆ, Vladimir
09:25	[272] Welcome address from the Director General of the Vinča Institute of Nuclear Sciences	Dr GRUBOR, Borislav
09:35	[5] LCC report and news	EVANS, Lyn
09:55	[6] LCB issues and news	KOMAMIYA, Sachio

### Plenary: Focus: LCs planning and running for energies up to slightly above 500 GeV and with implementation before 2030

**- Crystal Hall (10:45-12:47)**

**-Conveners: Dmitri Denisov**

time	[id] title	presenter
10:45	[7] ILC physics	FUJII, Keisuke
11:20	[8] e+e- circular machine progress/planning in China	Prof. GAO, Jie
11:45	[9] LHC physics prospects for the forth-coming period at full energy and goals for the high-luminosity runs	Dr MARTIN, Victoria
12:20	[10] ILC Physics and Detector studies - recent news and goals for LCWS 2014	Prof. YAMAMOTO, Hitoshi
12:35	[11] The ILC accelerator - recent news and goals for LCWS 2014	Dr HARRISON, Mike

### Plenary: Focus: LCs for BSM and higher energy studies, timescale post-LHC - Crystal Hall (14:00-15:47)

**-Conveners: Brian Foster**

time	[id] title	presenter
14:00	[12] Beyond the SM beyond LHC	GROJEAN, Christophe
14:40	[13] Tentative title: Higgs studies and BSM benchmarking for CLIC	Dr ROLOFF, Philipp
15:15	[221] FCC accelerator studies	SCHULTE, Daniel
15:35	[14] CLIC studies - recent news and goals for the LCWS 2014	STAPNES, Steinar

# Wednesday 08 October 2014

## Plenary: ILC parameters and staging scenario - Mediterranean + Adriatic (80-140) (16:00-17:45)

-Conveners: Hitoshi Yamamoto

time	[id] title	presenter
16:00	[66] Precis of the Physics Case for the ILC	Dr SIMON, Frank
16:20	[69] Discussion	
16:45	[70] ILC parameter and staging scenario	BRAU, Jim
17:10	[71] Discussion	

# Friday 10 October 2014

## Plenary: Wrap-up and closure (12:30-12:55)

-Conveners: Ivanka Bozovic-Jelisavcic

time	[id] title	presenter
12:30	[301] Address on behalf of the Serbian Physical Society - Prof. Mirjana Božić	Prof. BOŽIĆ, Mirjana
12:35	[302] Farewell and Outlook - Prof. Ivanka Božović-Jelisavčić, Prof. Steinar Stapnes
