

**Plan in next fiscal year,
especially April to June 2015**

Siwon Jang
(KNU)

IPBPM test list

- Ref. cavity BPM resonant frequency table due to tuner depth. (2day w/o beam)
- The time dependency check with different IQ phase.(1 shift)
- IPBPM signal check (1 shift)
 - Static signal elimination with variable BPF setting.
- IPBPM calibration factor check for X-port. (2 shift)
 - X-port calibration check with new LO signal splitter.
 - X-port calibration check with different electronics gain
- IPBPM resolution beam test with X and Y-port signals. (? Shift)
