

ECFA- Linear Collider Workshop 2016

Wednesday, 1 June 2016

Industrial Session: - Paraninfo (14:30 - 20:05)

-Conveners: Juan Fuster Verdu

time	[id] title	presenter
14:30	[272] Official Opening .	Mr MARTÍN BARBERO, Isaac Mr PELAYO PARDO, Raul
14:45	[273] The International Linear Collider Project and its industrial implications	YAMAMOTO, Akira
15:15	[274] The Status of the International Linear Collider project	YAMASHITA, Satoru
15:30	[275] Review of Spanish contributions to large scientific infrastructures involving accelerators	Dr GARCÍA TABARÉS, Luis
16:00	Break	
16:20	[276] Accelerator science and industry in Japan	Mr MATSUOKA, Masanori
16:50	[277] Industrial opportunities in detector development and construction.	LACASTA, Carlos
17:20	[278] Short presentations from Japanese companies	MITSUBISHI HEAVY INDUSTRY, TAIYO NIPPON SANSO, MITSUBISHI ELECTRIC
18:00	Break	
18:20	[279] Organization and plans for the industrial session at the next IEEE conference in Strasbourg	TITOV, Maksym
18:30	[280] Report on the Workshop "Collaboration opportunities on fusion and accelerator technologies and projects, between Spanish and Japanese Organizations" held in Tokyo May 13th 2016. Introduction to the panel discussion.	Mr CÁCERES, Francisco Javier
18:40	[281] Panel discussion: "Industrial contribution to large scientific infrastructures"	ALBA, CDTI*, CIEMAT, INEUSTAR, AAA, KEK, HIROSHIMA UNIVERSITY
19:20	[282] Concluding remarks	FUSTER VERDU, Juan
19:25	[283] General discussion and cocktail
