

JAIfest 2015

Thursday, 10 December 2015

Session 2 - Dennis Sciamma Lecture Theatre (11:20 - 13:00)

time	[id] title	presenter
11:20	[5] Positron Acceleration in a Non-linear Ion-Wake Excited by Plasma Electron Wakefields	
11:40	[6] High energy and high charge electron acceleration in self guided laser wakefield accelerators	
12:00	[7] Pushing beam power boundaries in proton accelerators	
12:20	[8] Quantitative single shot, spatially resolved plasma wakefield diagnostics	
12:40	[9] Photoinjector Development at Daresbury Laboratory
