

Session Program

15-16 Nov 2005

**Software and Simulation Session (ECFA
Vienna)**

Simulation/ Reconstruction Session #1

Vienna

Tuesday 15 November

09:00

Simulation/ Reconstruction Session #1

Session | Location: Vienna

09:00–09:15

MARLIN Reco

Speaker

Frank Gaede

09:15–09:30

Clustering using MAGIC

Speaker

Chris Ainsley

09:30–09:45

PFA and digitization simulation development at NICADD/NIU

Speaker

Sasha Dychkant

09:45–10:00

LCIO/ MARLIN based package for SI tracker digitization, reconstruction and analysis (status and plans)

Speaker

Sergei Shulga

10:00–10:15

Modern vertex reconstruction methods

Speaker

W. Waltenberger.

10:15–10:30

CALICE software framework

Speaker

Roman Poeschl

10:30
