

ECFA polarisation meeting

Tuesday 15 November 2005

Polarization - 0--FJ2 (14:00 - 15:30)

time	[id] title	presenter
14:00	[1] Transversely-polarized beams and SUSY CP searches	STEFAN HESSELBACH
14:15	[2] Discussion on open physics issues	
14:30	[3] E166: Overview of the E166 experiment	RALPH DOLLAN
15:00	[4] New Monte Carlo Tool for polarimetry -- Introduction of Polarization in Geant4	ANDREAS SCHAELOCKE
