VFS simulation task force

status

- We have now working together :
  - Strahinja Lukic and Bogdan Pavlic from the FCAL collaboration for geometry
  - Alejandro Perez Perez for simulation
  - Sergej Schuwalow slowly (but surely) coming back

- What has/will be done :
  - Strahinja and Bogdan : update of the last L* value (queued in ilcsoft github)
  - Sergey sent last comments/number last week. This is being check by Strahinja and Bogdan
  - Once everything is verified (really soon), Alejandro can start production.

- What needs to be done :
  - analyze the simulated data : we will have a meeting in the next FCAL software meeting
