

Type IV Cryomodule (T4CM) Design Meeting #2

H. Carter
Fermilab
Technical Division

OUTLINE

- Some general meeting information
- Format of meeting
- Meeting goals
- Agenda

General

- Meeting will be in this room all day today and tomorrow
 - two 20 min. scheduled breaks each day with refreshments
 - lunch duration is 1 hour and 15 minutes
 - nearest restrooms are on the other side of the east elevators
 - security---this room will not be locked at lunch time, so unattended items may be at risk

Meeting Format

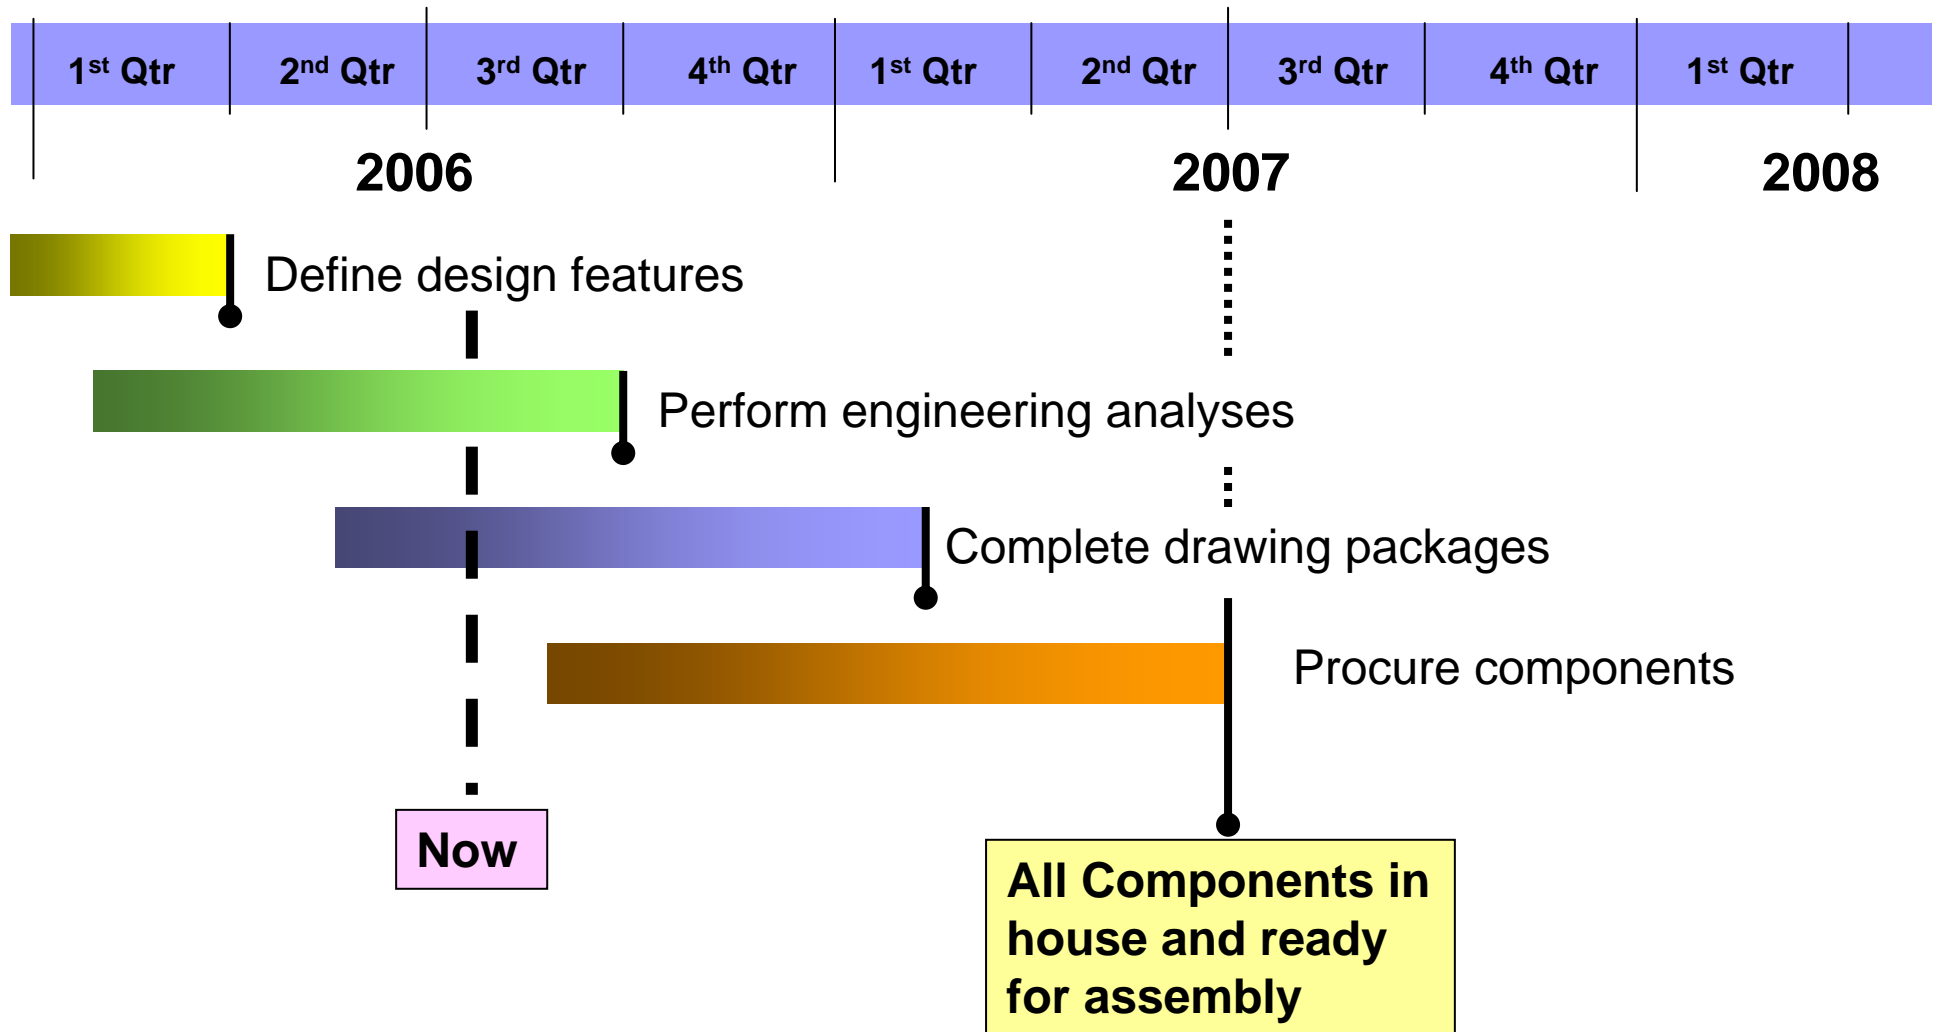

- Meeting format is open. We are one working group and very few formal presentations are planned. Issues with supporting information will be raised and then discussed
- Presentations and reference information will be posted on the web at a location TBD. Please provide me with copies of information presented.

Goals for this meeting are:

- Further definition of the T4CM design
 - What new or revised features are to be incorporated into the design
- Implementation of the EDMS system
- Establish a timeline for T4CM design completion

Arriving at a T4CM Design (Revised)

Meeting agenda

- Please see me at this mornings' break to request any additions or other changes to the agenda
