

European Particle Physics Strategy Update

Collection of Input

Expected template layout

- Cover page
- Core document of 10 pages (scientific context, objectives, methodology, readiness, expected challenges)
- Addendum (community, timeline, construction and operational cost, computing requirements)

Deadline: Dec 18, 2018

EPPSU and ILC/ ILD

- Physics/ detector group will provide a general document to make the case for the ILC
 - Physics, at different energies
- Accelerator: LCC will provide input
- ILD:
 - Strongest role will be to demonstrate the community
 - Affirm the science case
 - Strongly point to the R&D done for ILD/ ILC
