

# Asian Linear Collider Workshop 2018 (ALCW2018)

## Tuesday, 29 May 2018

### Industry - 411 (09:20 - 10:30)

time	[id] title	presenter
09:20	[113] Introduction	TAKAHASHI, Tohru
09:30	[114] AAA, Industry Academia collaboration in Japan	Mr MATSUOKA, Masanori
09:50	[115] Introduction of CEPC Industry Promotion Consortium (CIPC)	GAO, Jie GAO
10:10	[116] Collaborations between different agents of the Spanish Science Industry sector	CACERES, Javier

### Industry - 411 (11:00 - 12:30)

time	[id] title	presenter
11:00	[79] Industry-Research Institution Collaboration in the United States	POSEN, Sam
11:20	[117] CEEJA	GOTO, Junko
11:40	[85] Tohoku Accelerator Production Cluster	YOSHIOKA, Masakazu
12:00	[244] Blank	

### Industry - 411 (14:00 - 15:30)

time	[id] title	presenter
14:00	[86] Experience of Industry-Academia cooperation in CLIC	SOLODKO, Anastasiya
14:20	[87] Japanese Contribution to the ITER Project for the International Collaboration of Fusion Energy Research	MORI, Masahiro
14:40	[88] Experiences on Japanese regulation for superconducting accelerator	YANAGISAWA, Takeshi
14:55	[89] Surface treatment technologies to contribute to a high-energy linear collider	SASAKI, Natuhito
15:10	[90] Efforts concerning the manufacture of Cryomodule abutment	OKUBO, Toshiyuki

### Industry - 411 (16:00 - 17:55)

time	[id] title	presenter
16:00	[91] Development of Gating foil using FPC production techniques	YOSHIKAI, Masaru
16:15	[92] Current status of Hamamatsu Si detectors for High Energy Physics Experiments	OHASHI, Yuto
16:30	[93] ScandiNova Systems Modulator for the Scientific Project in the world	YUSHIRO, Osamu
16:45	[94] Activities of Seven Solutions & Marubun	YONEKAWA, Tomoki
16:55	[118] Small diameter Electron Beam welding tool for equatorial welds from the inside	OVING, Peter

17:10	[95] Future direction for Industry-Academia collaboration	SUZUKI, Atsuto
