

International Workshop on Future Linear Colliders, LCWS2018

Tuesday, 23 October 2018

Higgs/EW1 - Carlisle/Academy (08:30 - 10:35)

-Conveners: Tim Barklow

time	[id] title	presenter
08:30	[58] Fingerprinting models of first order electroweak phase transition using the synergy between future collider and gravitational wave experiments	Dr KAKIZAKI, Mitsuru
08:55	[59] Higgs and EW physics at HL-LHC & HE-LHC	DILDICK, Sven
09:20	[60] ATLAS and CMS Higgs results from Run-2	ATLAS BELL, Andrew
09:45	[61] Status and prospects for measurement of the bottom-Higgs coupling at LHC	WANG, Sean Jiun
10:10	[62] Di-Higgs Searches at the ATLAS Detector	DELANA, Allison
