

# International Workshop on Future Linear Colliders, LCWS2018

## Tuesday, 23 October 2018

### ATF - San Jacinto/Neches/Perdenales (08:30 - 10:30)

time	[id] title	presenter
08:30	[158] Status of intensity dependence report	LATINA, Andrea
08:45	[159] Intensity-dependent effects at ATF2, simulations and measurements	KORYSKO, Pierre
09:15	[160] Simulations of intensity-dependent effects in the ILC BDS at 250 GeV	KORYSKO, Pierre
09:45	[161] Summary of status and the proposal of study plan for the ATF2 intensity dependence measurement	OKUGI, Toshiyuki
10:15	[218] Discussion and Next steps in the report	LATINA, Andrea
