

# International Workshop on Future Linear Colliders, LCWS2018

## Tuesday, 23 October 2018

### BSM 1 - San Jacinto/Neches/Perdenales (14:00 - 16:00)

time	[id] title	presenter
14:00	[181] HL/HE LHC BSM prospects	ULMER, Keith
14:22	[182] The ILC as a natural SUSY discovery machine and precision microscope: from light higgsinos to tests of unification	BAER, Howard
14:54	[183] SUSY predictions for ILC/CLIC	HEINEMEYER, Sven
15:16	[184] Implication of Higgs Precision Measurement on New Physics	WU, Yongcheng
15:38	[185] Hadron Production in Photon-Photon Processes at the ILC and BSM signatures with small mass differences	SASIKUMAR, Swathi
