

# TCMB report

*Shin MICHIZONO*  
*KEK/Linear Collider Collaboration (LCC)*

# KEK International WG

## **Tasks of the WG:**

- Model of international cost-sharing for construction and operation
- Organization and governance of the ILC Laboratory

The “Revised ILC Project Implementation Planning (July 2015, Revision C)” can be used as a starting point of discussions:

[http://ilcdoc.linearcollider.org/record/62116/files/PIP\\_complete\\_IssueC.pdf](http://ilcdoc.linearcollider.org/record/62116/files/PIP_complete_IssueC.pdf)

- International share of the remaining technical preparation

**Members:** (This is “informal” information. KEK news will report about this WG later.)

Klaus Desch (Bonn)

Andy Lankford (UC Irvine)

Kajari Mazumdar (TIFR)

Patricia McBride (FNAL)

Shinichiro Michizono (KEK)

Yasuhiro Okada (KEK) \**Chair*

Claude Vallée (Marseille)

Scientific Secretary: Keisuke Fujii (KEK)

1<sup>st</sup> WG (4hours working group)

Tasks were mainly explained to the members.  
I explained the ILC250 accelerator overview including cost, preparation.

Keisuke FUJII explained ILC-PIP.

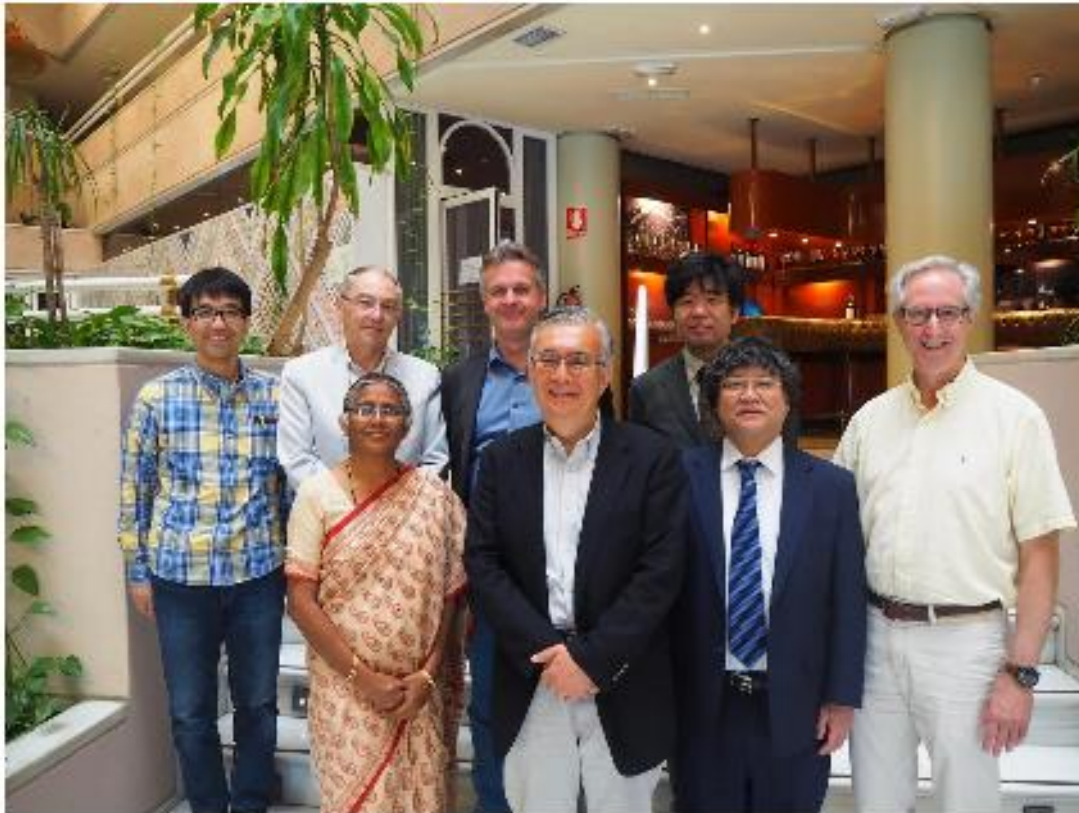

# KEK International WG

ILC International Working Group Established -- First Meeting Held in Granada

2019/05/21 Topics

<https://www.kek.jp/en/newsroom/2019/05/21/1900/>

## **Schedule:**

1<sup>st</sup> WG May 17 at Granada

2<sup>nd</sup> June 13 (remote)

preparation of the draft

3<sup>rd</sup> July 12/13 (KEK)

discussion about WG draft

-> draft to LCB

4<sup>th</sup> Mid Aug.

5<sup>th</sup> Mid Sep.

-> final document submitted to MEXT
