

Minutes of WP-meeting 321

Attendance:

DESY: Leif Jönsson

Vidyo: Keisuke Fujii, Qi Huirong, Jochen Kaminski, Kees Ligtenberg, Shinya Narita, Tomohisa Ogawa, Ron Settles, Jan Timmermans, Keita Yumino

General News:

Keisuke reported that there are many people in Japan working to extract the best possible statement from the Japanese Government before/or on February 20th. Both the Minister of MEXT and the Minister of State for science and technology policy have given already very positive statements in interviews , but these are of course not official statements yet.

Jochen presented the working plan 'The List' with the modifications discussed during the CM in January. The new version is attached both to the CM indico page and to the indico page of this meeting. Any further comments are welcome.

AOB:

The next workpackage meeting will take place on February 27th.
