

Work this week

- Work to adjust new environment
- Note: Including all the reviewer's comments
 - update & sent back to reviewers
 - I don't know it is OK...
- Start to use keras & tensorflow backend
 - Jet clustering
 - Move from c++(from scratch) to python done
 - Check training
 - Checked no overfitting so far
 - Accuracy $\sim 93\%$ \rightarrow but it is useless I think
 - Not yet know how about Higgs mass resolution(need to convert to ROOT again...)
