CALICE Early Career Researchers Forum Introduction

Adrián Irlés, Antoine Laudrain, Yuichi Okugawa, Marisol Robles Manzano

CALICE collaboration meeting October 12th - 14th 2022

Introduction

- **Earlier Career Researcher Forum**
 - “Earlier Career Researcher”: researchers prior to have a permanent position
 - Undergraduate/Graduate/Master/PhD students, postdocs positions, tenure track positions working on the CALICE collaboration
 - Place for informal discussion on ECR related topics:
 - Career path, job opportunities, sharing experiences from former and current CALICE members
 - Current organizers: Adrián, Antoine, Yuichi and Marisol
 - New members are welcome!
 - Send your suggestions for topic discussions to us
 - Your feedback is crucial for forum organization
- **Communication channel: slack channel**
 - https://calice-workspace.slack.com/join/shared_invite/zt-1hozdjy5z-X4uD60jlmc5U0F8hnAPO8w#/shared-invite/email

ECR related events

- European Committee for Future Accelerators, ECFA ECR Instrumentation forum:
 - <https://indico.cern.ch/event/1203836/>
 - October 26th, 2022, 15:00-17:00 CEST

Discussion Panel: We will have a moderated discussion using questions gathered from the early-career researcher community. The focus will be on how the panelists have built their careers, and any topics you'd like to bring up related to working in instrumentation. We will also be taking live questions, these will also be moderated and we will have dedicated time to cover them during the event.

Networking after the Discussion: We will have break out rooms to speak to the panelists one-on-one - a remote version of a coffee break. There will also be the opportunity to network with other ECRs, and to give feedback about what kind of events you would like to see in the future, or other resources we could provide to the community.

Please **submit your questions [here](#)** both before and during the panel discussion and the moderators will include them in the discussion.

If you are interested in being informed about the other activities of the ECFA Early-Career Researcher panel, please [subscribe to our ecfa-ecr-announcements@cern.ch mailing list](mailto:ecfa-ecr-announcements@cern.ch).

Early-Career Instrumentation Forum

A panel discussion & networking event for early career researchers and engineers in instrumentation

Our Panelists

Erika Garutti
Univ. Hamburg

Susanne Kuehn
CERN

Niklaus Lehmann
DECTRIS Ltd

Organized by the ECFA
Early-Career Researcher Panel
Instrumentation Working Group

October 26th, 2022
15:00-17:00 CEST
