

ILC Workshop on Potential Experiments (ILCX2021)

Thursday, 28 October 2021

A-1: Software / Computing - Room #1 (19:00 - 21:00)

time	[id] title	presenter
19:00	[101] A common software for future colliders: The Key4hep turnkey software stack	FERNANDEZ DECLARA, Placido
19:25	[42] EDM4hep - The event data model for future collider studies	MADLENER, Thomas
19:50	[94] Summary of the new 250 GeV MC samples production for ILD physics	ONO, Hiroaki
20:15	[25] Blockchain Technology for Scientific Supercomputing: Opportunities and Challenges	WANG, Joseph
