

ILC Workshop on Potential Experiments (ILCX2021)

Wednesday, 27 October 2021

O-1: Fixed target / Dark sectors / Applications outside particle physics - Room #5 (19:00 - 21:00)

time	[id] title	presenter
19:00	[352] LUXE-NPOD: new physics searches with an optical dump at LUXE	PEREZ, Gilad
19:30	[26] Probing new physics with a LUXE-type experiment at the ILC	SOREQ, Yotam
20:00	[324] Beam dump experiments with thick and thin shielding at the ILC	SAKAKI, Yasuhito
20:30	[325] Fixed-target experiment using ILC main beam dump	UEDA, Daiki
