

ILC Workshop on Potential Experiments (ILCX2021)

Wednesday, 27 October 2021

S: ILC application (to physics, material science, etc.) - Room #5 (15:30 - 17:30)

time	[id] title	presenter
15:30	[33] Diversified use of ILC: A possibility of hadron photoproduction experiments at a beam dump	MURAMATSU, Norihito
15:54	[38] New Regime of Ultrahigh Laser and High Electron/Positron Interaction	Dr KOGA, James
16:18	[328] Muon Production at the ILC	YAMAZAKI, Takayuki
16:42	[23] Neutron Production at the ILC	MISHIMA, Kenji
17:06	[78] Mo-99 production at cERL in KEK	HARADA, Kentaro
