

Sources Group

K. Yokoya, For WG2 meeting on Jun.1.2021

- 2 meetings since the last report on Apr.20
 - Apr.26 and May 10
- WBS discussion
 - Very different styles
 - a. Original Benno style
 - Scoping, deliverables (WBS-Sources-v5-KY.xlsx)
 - b. Benno style extended to subsystems
 - e.g., For e-driven, list the breakdown for each of 3GeV driver, 5GeV booster, etc (WBS-Sources-v0.1mk.xlsx)
 - c. FTE table style of matrix form
 - WBS-FTEtable-Sources-v3.xlsx)
 - d. List of topics
 - Undulator group (undulator-wbs-draft.pdf)
 - Hard to reconcile different styles
 - Perhaps focus to 2 styles
 - Extended Benno
 - FTE matrix
- Next meeting: June 7 (Mon)
