Status

▷ Make new samples (eRpL, eLpL, eRpR, eLpR)
Problems in .sin file
・process time is too long and kicked out of KEKcc.

→try "fc-mpi option"
(Advised by Junpin-san and Daniel-san)

・"alias" doesn't work in "$restriction" of process.

(To impose the restrict which quarks' parents are W+ or W-)
→solved by used ":"

Next step
▷ Finished making new samples and Start to analyze these.

Next week I talk about RHN study in detail on the focused talk!
