Attendance:

Zoom: Paul Colas, Ralf Diener, Ulrich Einhaus, Jochen Kaminski, Peter Kluit, Shinya Narita, Huirong Qi, Oliver Schäfer, Ron Settles, Jan Timmermans, Maxim Titov, Keita Yumino

General News:

Jochen discussed the agenda of the Collaboration Meeting. Many comments were made and are now implemented.

Maxim announced that he had received an answer from the VCI conference. The organizers changed from a completely in person format to a fully online format because of the Covid pandemic situation in Austria. Because of this, a new format was introduced, which is between a presentation and a poster: a 15 slides presentation and a 3 min. audio recording can be uploaded to the agenda. Everyone interested in doing this is welcome to contact the speaker's bureau.

AOB:

The next workpackage meeting will take place on February 3rd.
