

# **A\_LR measurement using e<sup>+</sup>e<sup>-</sup> to gamma Z**

**MIZUNO, Takahiro**

**The Graduate University for Advanced Studies, SOKENDAI**

# $M_{q\bar{q}}$ dependence on $A_{LR}$

A.  $e^+e^- \rightarrow Z \rightarrow q\bar{q}$

B.  $e^+e^- \rightarrow \gamma \rightarrow q\bar{q}$
