

mini-workshop on BSM at ILC

Monday, 28 February 2022

CET-friendly: Session E1 (15:00 - 17:00)

-Conveners: Mikael Berggren; Werner Porod

time	[id] title	presenter
15:00	[14] Stau Searches at the ILC	NÚÑEZ PARDO DE VERA, María Teresa
15:20	[6] Dark matter production with light mediator exchange at future e+e- colliders	ZARNECKI, Aleksander Filip
15:40	[9] Measuring neutrino dynamics via light higgsinos and sneutrinos	WALTARI, Harri
16:00	[4] Heavy Neutrinos at Future Linear e+e- Colliders	MEKALA, Krzysztof
16:20	[22] BSM Higgs bosons	HEINEMEYER, Sven

Wednesday, 2 March 2022

CET-friendly: Session E3 (15:00 - 17:00)

-Conveners: Mikael Berggren; Werner Porod

time	[id] title	presenter
15:00	[21] Sensitivity for Long-Lived particles at FCC-ee	ALIMENA, Juliette
15:20	[20] Sensitivity to Decays of Long-Lived Dark Photons at the ILC	NOSLER, Laura
15:40	[8] Low mass scalars at e+e- colliders	ROBENS, Tania Natalie
16:00	[11] Phenomenology of dark matter in complex scalar singlet extensions of Two Higgs doublet models	DUTTA, Juhi
