

# HLRF Agenda

October 26, 2006

# 1. Status of Cost Estimates

- No changes since Vancouver
- Rack space estimates consistent with cost assumptions
- Water chiller systems not included; assumed to be part of CEF
- ACD's proposed but none adopted

## 2. Possible ACD's

- Marx Modulator
- Sheet Beam Klystron
- Simplified optimized distribution
- Alternate distributed HV hybrid Charger system (Cassel)

# 3. Plans for Valencia

- Meet with Cost Board (short)
- Meet with new R&D Board HLRF Task Force (~hours)
- Meet among ourselves
  - Agenda suggestions?
- Other business
